

**One man dreamed of a day when sunlight alone
would power your home,
and your life.**

**Hear the story of this man, his mission, and
his controversial startup company.**

**Learn about a citizen movement, whose very existence is
reshaping the energy industry and beyond.**

**Experience a multimedia presentation that will
captivate you, inspire you, and move you to action.**

**One night only, July 17, 7pm. Free admission. Beverages, light snacks, discussion.
Addison Conference Centre. Limited seating engagement. RSVP. dream@newsolarcity.com**
